

# Export Pallet

THE  
VICTOR  
SMORGON  
GROUP

Vicfam Plastics is very excited about the development of our new EXPORT PALLET.

With new fumigation and importing product regulations into North America and Europe, our pallet will help to overcome these hurdles of fumigation, splinters, broken boards, and sticking out nails.

Unique interlocking features allows for stack of pallets securely locked for storage and transporting.

Our pallet is light weight, durable and doesn't have the size variations of timber pallets.

## The Facts

- **Standard Size:** 1100mm x 1100mm x 130mm
- **Weight:** 15kg (Nominal)
- **SWL:** 1 tonne
